

Tired of the hassle of transporting your pet to the Doctor? If so, let us come to you!

*Is your dog terrified of visits to the Vet's office?
Is anything more nightmarish than putting a cat in a car?*

If you answered yes to either of these questions, consider a full service clinic-on wheels that offers convenient appointments to suit your schedule in Nassau and Suffolk County. Immediate care services available, often with same day appointments.

**For professional and loving care at reasonable prices:
Contact Dr. Denise Durnin, D.V.M. at Mobile Veterinary Services**

Health & Wellness Check-ups through all Phases of Life:

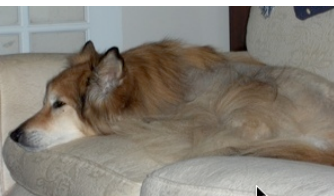

Vaccinations, wellness exams, routine physicals, blood work, digital x-rays, and dentistry will be provided outside your door in our mobile unit. Palliative care is also available to keep your pet comfortable throughout their final days.

Spays and Neuters:

Utilizing the most current surgical monitoring equipment, spays and neuters are performed in our state-of-the-art mobile facility. We will administer these services to feral cats if they are first caught and caged.

In Home Euthanasia:

The hardest decision will be when you choose to alleviate your pet's suffering. It is the most selfless decision to make and while we understand this is a traumatic time for you, it can be far less stressful for your pet if administered in familiar surroundings.

We accept cash, Visa, Master Card and American Express
